An Autumn Haven

Finding the way to a tranquil and calm haven during the autumn months doesn't require much. The gentle vibes from mother nature will help us if we take a deep breath, let go of all your worries for a while, and allow the forever changing warm autumn colours to take us to a new season.

For many the outside has been off limits for a long time. Missing out on the chance to see spring blossom and gardens and parks come to life after a long winter should never be off limits. So now, facing yet another winter season, let us make the most of the beautiful changing scenery, wrap up warm, open our eyes and step out, into the sunlight.

This season you will see a large selection of stunning new prints on the Christine range. A vibrant, sophisticated and gorgeous Boho Spirit line, that will make you desperate for more space in your wardrobe. Viva will make you look so smart and chic in soft yellow prints and cool denim fabrics. And Petite, oh sweet Petite Peanut, the wee children's brand, will most definitely put a smile on your face with all the cute wee faces on the pages and the lovely looking headwear.

There may be many reasons for you to browse through our new headwear catalogue.

Perhaps you are looking for soft and comfortable headwear to cover your sensitive scalp, bald scalp, because you've had treatment for a critical illness.

You may want to cover your hair because you experience bald patches.

Perhaps you are simply browsing to find a fashionable printed turban to complete your carefully selected autumn outfit. Or, maybe you are looking through this selection of Danish designed head coverings because headwear is part of your daily dressing routine and that you, due to Alopecia, are bald and beautiful.

Regardless of your reason for browsing through, we welcome all the friends of Christine and are glad to have you here.

Have a beautiful autumn season and remember to make it your own kind of wonderful!

CHRISTINE HEADWEAR bamboo collection

The bamboo-viscose products from Christine Headwear are made in the unique and functional Caretech® Bamboo quality.

Bamboo-viscose fabric has many fantastic features and the soft and comfortable quality is actually used to form the largest part of the Christine Headwear product range.

The Caretech® Bamboo is supremely soft, silky and luxurious to the touch. It is breathable and thermo-regulating so you remain comfortable and dry during both summer and winter temperatures. The fabric is more moisture absorbent than cotton and quickly removes the moisture from the skin and releases it.

Further the eco-friendly Caretech® Bamboo products are extremely gentle to wear and highly suitable to use against sensitive skin.

The Caretech® Supima cotton is a luxurious cotton quality from Christine Headwear.

Supima is regarded as one of the finest cotton qualities available and is both more durable than regular cotton and much softer to the touch. With a Supima product you will get a long-lasting premium product with strong pilling resistance, a beautiful colour retention and high-class comfort - perfect for a headwear model to be worn against sensitive skin.

Hi there,
 I'm Petite Peanut

I'm a wee bird, I'm green cause it's my favourite colour and I just love to play hide and seek.

My favourite thing is to fly around under the sun wearing my super smart sunglasses. I do not have that many feathers on my head, so I like to hide them under a turban cause it's warm and comfortable and it protects my wee head from the sun and, I think it makes me look really cool too.

If you put your new headwear on, we can look cool together, yep let's do that...

CHRISTINE HEADWEAR accessory line

Find the small yet important necessities in the Christine Headwear accessory collection. A range of carefully constructed wigliners, tops, night caps etc. - all made in soft, comfortable and intelligent materials for your wellbeing.

Look out for the smart and cleverly constructed Soft Lift Hat, that will give the back of the bare head a beautiful gentle lift under your head coverings. Another one not to miss, is the new Christine underwear top with the revolutionary 37.5® Technology, constructed so you can easily put it on even if raising your arms can be a struggle.

Some times the little necessities makes the biggest difference.

CHRISTINE HEADWEAR soft lift hat

The Soft Lift Hat from Christine Headwear is a revolutionary design protected headwear piece, which will provide the perfect fit and lift under your wigs and headwear.

A small hat that will make a big difference to the look and feel of your head coverings, as it gently lifts and adds a fine, natural volume to the back of the head.

The soft, breathable and light 37.5® fabric material will ensure you stay comfortable as it helps the covered area maintain an optimal 37.5-degree temperature - regardless of how you choose to cover it.

To make this clever little lift, a light mesh pad has been insertet under a soft top layer.

This will add a beautiful rounded shape to the back of your head whilst leaving you comfortable still, feeling nothing but carefully and gently protected.

The results are nothing but fantastic and you'll find your headwear and wigs will get a brand new, fine and elegant look to it.

CHRISTINE HEADWEAR b.b. belinda wigliner

A comfortable and practical wigliner with 37.5° Technology, which will leave your sensitive scalp feeling cool and refreshed underneath your choice of head covering.

The B.B. Wigliner has a slim silicone band to ensure a secure fit and is made with a soft, see-through mesh piece down the front. This, so you can wear your wig without having to worry about the liner being visible underneath.

CHRISTINE HEADWEAR underwear collection

The Christine underwear top is a unique and comfortable underwear piece developed with both intelligent features and materials.

Comfort in clothing, underwear in particular, is often dictated by your body temperature. It can, however, be difficult to maintain a balance at 37.5-degrees when our body goes through changes, either due to surgery, treatment for critical illnesses or when suffering Alopecia. It can be hard to control the hot and cold flushes that makes us so uncomfortable, but this top will help you! The 37.5° Technology used in the fabric material helps control your core temperature, regulates it and will keep you in the optimal 37.5-degree comfort zone at all times.

For further comfort and convenience, we've constructed the top so you can get dressed without having to pull it over your head, which can be difficult when having gone through a breast or under arm surgery. The neck line is beautifully placed and has an elegant and feminine silky satin trim.

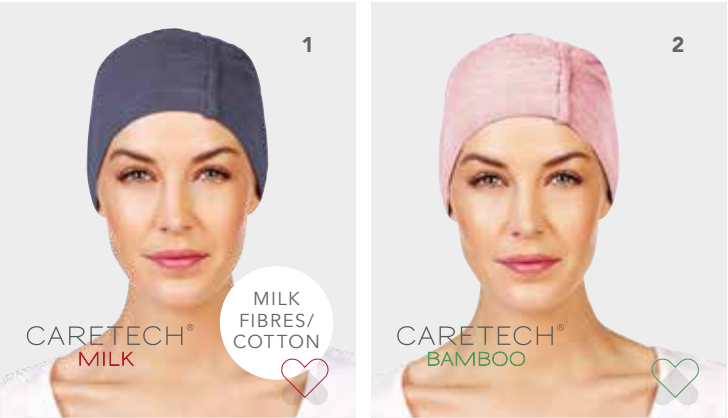

A truly comfortable and practical top made particularly for your wellbeing.

Only the best is good enough

All Christine, Petite Peanut and Male Headwear products are CE labelled, which means they classify as medical devices according to EU Directive (93/42/EEC) concerning medical devices. By definition of the EU Directive a medical device is a material intended to be used by women and men for the purpose of protection of the skin against the heat, sun and the cold. Further, it is intended to relieve physical and mental discomfort resulting from hair loss as well as a general protection of women and men, who have lost their hair due to chemotherapy and other hair loss related illnesses. In addition, the CE mark is your guarantee that the products are appropriate and safe to use and wear.

We recommend handwashing your new headwear and laying it flat to dry. Do not tumble dry.

This catalogue is printed on FSC and Nordic Ecolabel certified paper.

37.5® TECHNOLOGY

Comfort in clothing is dictated by our temperature and the humidity next to our skin, known as our microclimate. When our microclimate balances at 37.5% relative humidity and our core temperature balances at 37.5 degrees, we are in the optimal comfort zone.

37.5® Technology headwear and clothing helps control the core temperature by accelerating the movement of moisture vapour before it can turn to liquid sweat.

If we get warm and damp, the 37.5® products will dry faster – up to 5 times faster than a similar product without 37.5® Technology. And, when moisture is removed from our headwear and clothing, we stay warmer when it's cold and cooler when it's warm.

The active particles used in 37.5® are derived from natural sources such as coconut shells and volcanic minerals. A combination of these special sources and the product features makes this a rather unique and intelligent headwear and clothing line.

For further information on 37.5® Technology go to the Technologies and Product Features page on christineheadwear.com
